

TILES OF HOPE

CAPstone Child Advocacy Center is a community-based center that provides support to child victims of severe physical and sexual abuse and their family members.

The Center incorporates a child-focused and family-friendly model that helps reduce re-traumatization by decreasing the number of fact-gathering interviews experienced by the child and family. The model also allows for coordination of services between law enforcement, child protective services, mental health providers, and medical professionals. The Center's overall goal is to improve the quality of investigations and outcomes for children.

How can you help?

Since its opening in 2000, the Center has served over 1000 children and families impacted by child abuse. Because the Center is community-based, Tiles of Hope represents a wonderful opportunity for community members to support the Center and participate in its works.

Here's how it works:

The Center is selling 4 inch square tiles that will be used to decorate the play/waiting area of the Center. Hand-painted tiles will help create a friendly atmosphere where children will feel more relaxed and safe while waiting to speak with law enforcement officers.

When you purchase a tile, you can:

- Choose to paint the tile your self or
- Have a local Scotts Bluff County child decorate it.

In either case, you can donate a tile in memory of a loved one or on behalf of your business or organization.

Participating is easy...

Tiles may be purchased from February through April 2010. When the remodeling of CAPstone is complete, an Open House will be held, the tiles will be premiered and all donors will be invited to attend.
